THE MUSIC ATST. MARY'S YESTFRDAY -The mu-ic at St. Mary's Church yesterday at High Mass and Vespers was particularly fine. The leading soprano sarg with a tenderness and a neatness of vocalization whi heil henor to her noble voice and thorouch musical knowledge.

MISSING VOLUME.-A volume of THE DAILY News files, covering the period of six months, tron-July, 1867, to January, 1808, which was borrowed from this office by somebody several months ago has not yet been returned. The borrower will much oblige us by sending the same to The News Office without delay.

THE STEAMSHIPS EMILY B. SOUDER AND MO-NEKA.-There two well-known steamships, which formed for about two years a line between this city and New York, are advertised to be sold at bankrup! sale, at the latter city, on Wednesday, March 17. The Emily B. Souder was built at Philadelphia in 1864, and the Moncka at the same place in 1865.

A Tug fon Charleston .- The Savannah Republican, of Sunday morning, says: "The po rerful steam tug Christiana departed yesterday afternoon for Charleston, under command of Captain J. K. Richardson, a skilful officer. she will be engaged in the towing business in Charle-ton harbor. We wish her and her popular captain every su cass '

THE STATE CONSTITUTION AND LAWS .- Donny & Poirs, of Meeting-street, State printers, have published and have for sale a revise! edition of the new constitution, to which are added the acts and joint esolutions passed at the special session, and copies of the military orders, therein re-enacted. This is a compact and most valuable work, and as the edition is a small one, those who wish to obtain copies had better apply for them at once.

MONUMENTAL FAIR .- We learn that the fair of the Washington Light Infactry Association, to be held for the purpose of obtaining tunds for the erection of a monument to the memory of the members of the company who fell in the la e war, will take place at the Hibernian Hall, early in May. A number of ladies are already at work preparing for the fair, and we are sure that the time-houore I company will make a display equal to any that has ever been seen in Charleston. Much success to them!

It is believed that there is good ground for an action for conspiracy against the same person in connection with the same care. There is a proper determination on the part of all

THE ARREST OF ALDERMAN OLNEY .-- It is un-

the gentlemen concerned in the Mayoralty embroglio to hold to the strictest accountability under the law any person who may proceed against them in an arbitrary or malicious manner.

On Saturday morning Allerman Olney gave bail in the sum of three thousand dollars, F. W. Marshall, Esq., and Z. B. Oakes, Esq., being the sureties, to appear on the first Menday in June and answer to a charge of m'slemeanor.

THE RAILEOAD WAR -The Augusta Chronicle and Sentinel of yesterday says that the committee of the Augusta City Council have reported in favor of allowing the Columbia and Augusta Railroad to build a bridge across the Savannah River. They say that the columbia and Augusta Railroad has fulfilled the conditions of its agreement with the city, and it now only remains to designate the point at which the road shall cross. The committee give a history of the contract of the city with the Fouth Carolina Railroad, and, in the words of the Chronicle, "the committee, we think, though they do not say so in so many words, certainly by implication leave the impression, that the contracting cou pany have violated all of their contracts with the city and that, therefore, the Heard resolution is no longer binding upon the latter." The statement of the Chronicle is a one-sided one. The South Carolina Rai road can doubtless put a very different complexion upon this important transaction

THE YACHT HENRIETTA ... This well known craft, lately in our harbor, and which was a 'mired tor her fine lines and clipper-like appearance, had a stormy passage to New York. The Herald of Friday last has the following report in reference to it:

After the sails had been recovered a storm trysail and a two-re-led foresail were riged, and with those sails alone to aid her on her course, the vessel passed through the order triumphantly, with no other damage than the injury to the sales above mentioned.

REPORTERS' CRUMBS .- The celebrated velocip:dists will commence their public exhibitions to-day, the younger of the Hanlon Brothers starting from the corner of Queen and state-stree's, at twelve o'clock M., thus giving the Fast Bry merchants the first sight of this wonderful performance.

THE AMESEMENT SEASON IN Charleston pron ises to be quite brisk for some time to e me.
